**HAWK**

**IV**

**2006 Encampment**

# Welcome!

Desert Hawk IV has been established with two goals in mind. First, the training of the cadet basics. To teach them correct uniform wear, basic drill, and customs and courtesies. These are the basic lessons every cadet must have as a foundation for their CAP tenure.

Second is the training of our cadet leaders. This opportunity gives our NCOs and young officers a much needed refresher in the basic skills and the chance to incorporate their own leadership styles in the effort to teach the basic cadets. Valuable life lessons will be learned by all in this encampment.

This is my hope and goals for this encampment.

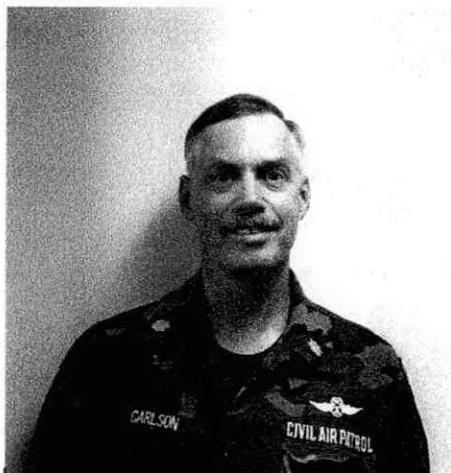

**1 Lt V. Jaeger  
Commandant of Cadets**

Confidence, Ability, Pride. CAP – these are the things that you have developed over the past week. Take home the confidence that you can accomplish anything that you worked hard for. You now have abilities that your friends back home have no clue about. Keep your pride in that and let your friends and relatives know how good it feels to be a Civil Air Patrol Cadet. I want you to remember the friends that you have made and all that you have learned this past week. You are now eligible for the Mitchell Award; go for it and never forget – “free money!”

# Rappel Tower

Yep, you have to wear this if you want to land on the ground...in one piece!

Rappelling can be a little apprehensive, but it inspires confidence in oneself, and it's fun!

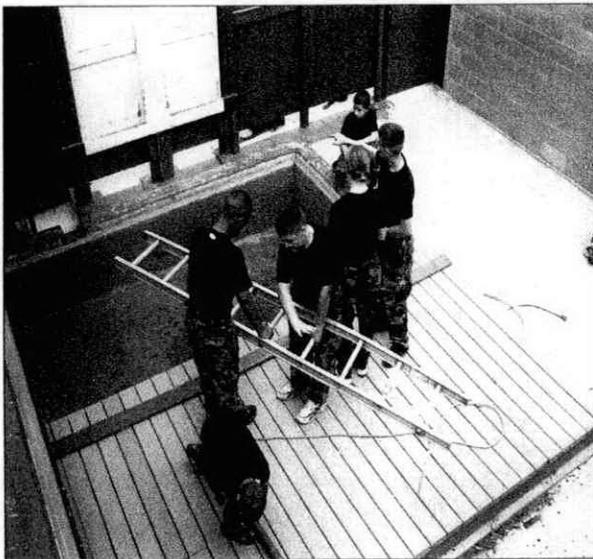

## Leadership Reaction Course

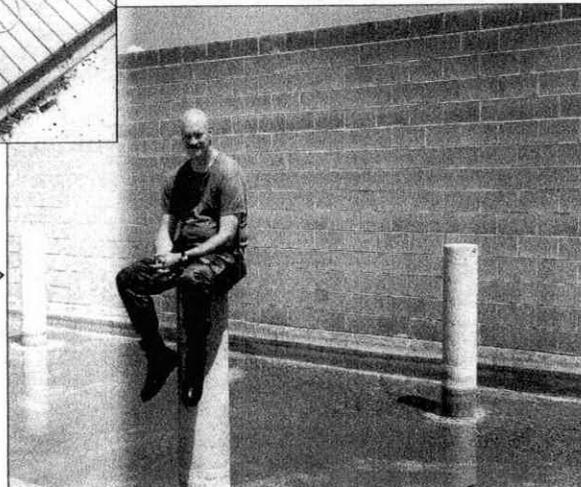

The LRC is a great way to learn and practice leadership skills, and work together as a team.

Cadets learn to overcome many obstacles in creative ways—minimizing great and small deterrents like gravity, physical abilities and fatigue!

Even Senior Members sometimes find themselves in a pickle—may require cadet assistance, as in this case!

# Life at encampment

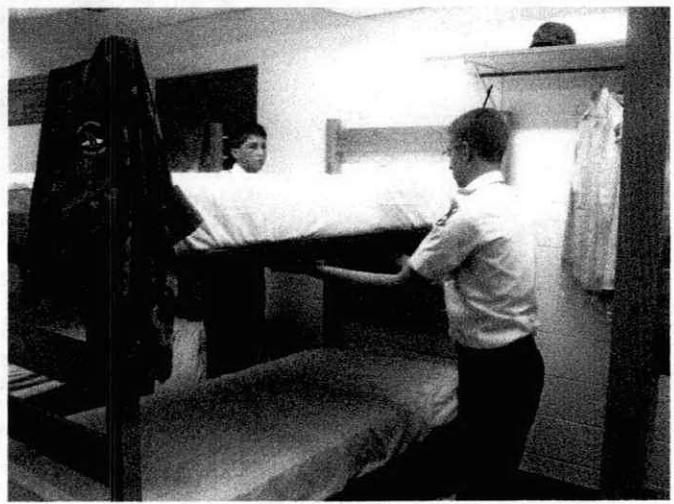

Major John Carlson's class and everyone stayed wide-eyed and alert!

Best part of the day . . .three square meals and a nice cold soda . . .not!

Contraband? No one knows where it goes, but it is never seen again.

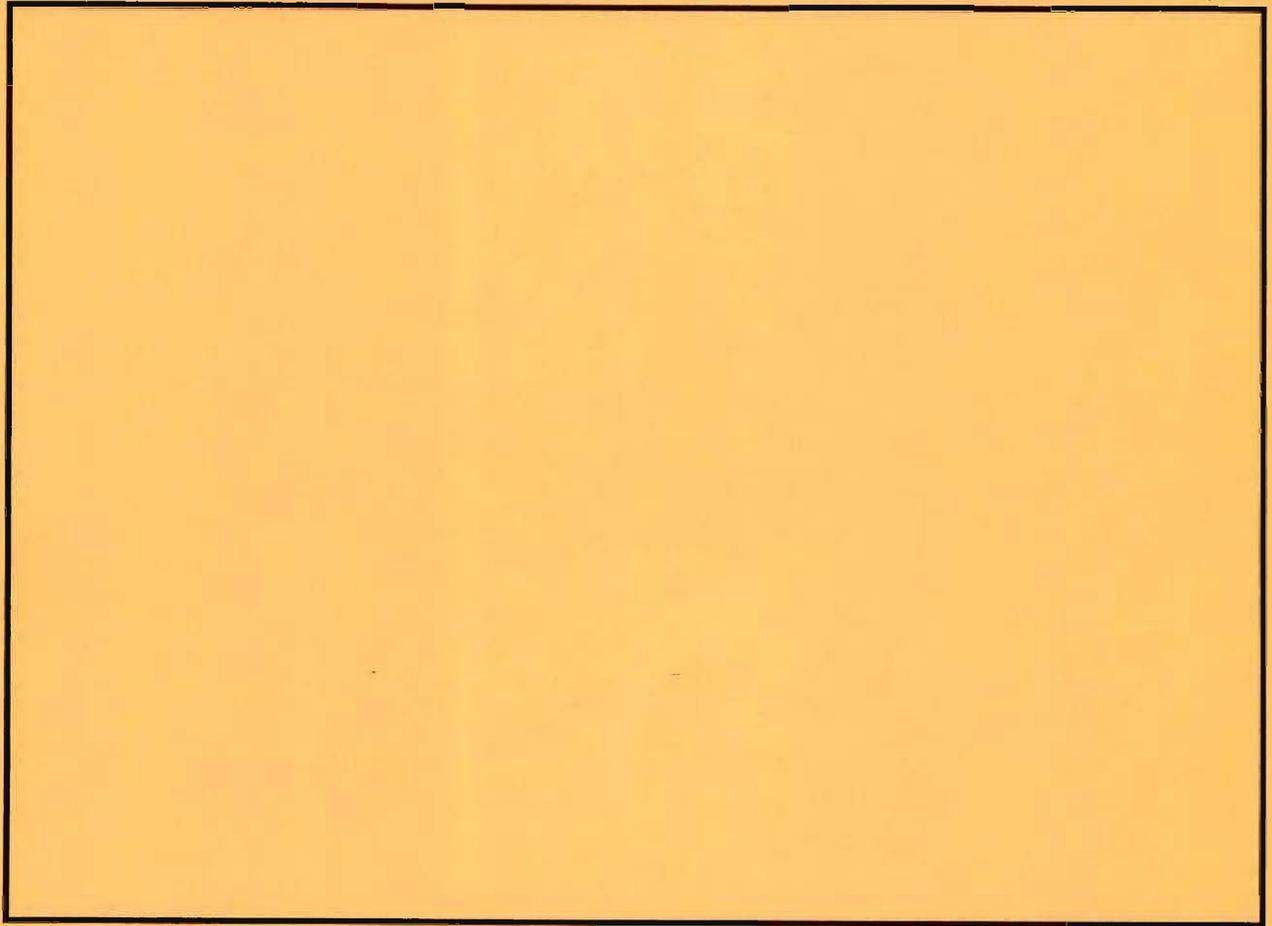

This is the part we carefully tackle so that the inspection turns out ok, but don't tell Mom.
